

DYNA-FLO™

11-37-0

PRODUCT INFORMATION

DYNA-FLO 11-37-0 is a highly soluble, low salt index, liquid Potassium fertilizer which can be applied directly to the soil, to the plant tissues (with water) or through the irrigation system. **DYNA-FLO 11-37-0** provides rapid uptake and utilization of Potassium during the plant's critical growth stages such as germination and elongation. **DYNA-FLO 11-37-0** can be applied throughout the growing season to quickly correct Potassium deficiencies. When applied in the fall, this product will provide adequate potash which is a key element in improving stress tolerance from adverse environmental conditions. Turf normally responds within a few days of application. **DYNA-FLO 11-37-0** contains no chloride which can damage turf, soil and corrode equipment.

DIRECTIONS FOR USE

Shake well before each use. **DYNA-FLO 11-37-0** may be tank mixed with most liquid fertilizers and pesticides. However, a jar compatibility test should be performed on unknown combinations prior to mixing and application. **DYNA-FLO 11-37-0** can be used on warm season, transitional and cool season grasses. It can be used throughout the growing season, and as an additional source of Potassium to supplement a regular fertility program.

RECOMMENDED RATES

Turf: Greens & Tees: Apply 6-9 ounces per 1000 sq. ft. or 2-3 gallons per acre. Apply in at least 50 gallons of water per acre.

Bentgrass: Use 3.5 oz./ 1,000 sq.ft in sufficient water to cover will provide 1/10 lbs. of P₂O₅ or 4.5 oz. per 1/8 lbs. of P₂O₅ per 1,000 sq.ft.

PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Keep away from children. Use of side-shielded safety glasses and gloves is recommended. Store or ship undiluted product in polypropylene or fiberglass containers. Do not contaminate feed, seed, or water supplies.

FIRST AID:

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. DO NOT INDUCE VOMITING. Seek medical attention at once.

GUARANTEED ANALYSIS

11-37-0

Total Nitrogen (N)	11.00%
Available Phosphoric Acid (P ₂ O ₅)	37.00%
Soluble Potash (K ₂ O)	0.00%

Derived from: Potassium Carbonate

CONTAINER DISPOSAL

Triple rinse or equivalent and offer for recycling. Consult Federal, state and local authorities for proper disposal information.

KEEP OUT OF REACH OF CHILDREN

Shake well before each use
