

DYNA GOLD[®]

PRODUCT INFORMATION

Dyna Gold Iron is a liquid foliar formulation designed to correct and prevent deficiencies in most crops. If added to the spray tank first, it will aid in lowering the water pH. A jar test to check the compatibilities of unfamiliar or new combinations should be performed prior to mixing and application. The addition of a non-ionic surfactant and /or urea nitrogen will aid in uptake. Do *not* use this product in aerial or ultra low volume applications in combination with Magnesium nitrate, on spinach or other iron-sensitive crops. Application of only Iron at 1 to 2 pints per acre if deficiency is evident will aid correction.

DIRECTIONS FOR USE

Dyna Gold Iron should be applied at weekly intervals at 1 to 2 quarts per application in enough water to cover. **Aerial application:** 1 quart per acre in 5 to 15 gallons of water.

CROP RECOMMENDATIONS

Citrus and Fruit Crops: Use 1 to 2 quarts per acre per application in enough water to cover. Repeat applications as needed.

Vegetables and Row Crops: Use 1 to 2 pints per acre per application in enough water to cover. Repeat applications as needed.

Turf, Greens & Tees: Apply 2 to 3 ounces per 1000 square feet in enough water to cover. Repeat as needed.

Caution: This product will stain concrete. In Florida, application rates should not exceed the recommendations in "BMP's for the Enhancement of Environmental Quality on Florida Golf Courses" found at <http://www.dep.state.fl.us/water/nonpoint/pubs.htm>

Fairways: Apply 3 to 4 quarts per acre in enough water to cover. Repeat as needed.

Other Crops Requiring Iron: Use lower rates of 1 to 2 pints per acre in enough water to cover and repeat 2 to 4 more times.

PRECAUTIONS

Shake well before each use. Avoid getting in eyes, mucous membranes or on skin. Use of side-shielded safety glasses is recommended. Use with adequate ventilation. Keep container capped when not in use. Do not contaminate feed, seed or water supplies. **Keep away from Children.** **NOTE:** Avoid spraying on concrete or painted surfaces as staining may occur.

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. **DO NOT INDUCE VOMITING.** Seek medical attention at once.
