

DynaGreen Organics™

IRON Liquid Foliar Spray

INFORMATION

Dyna Green Organics Iron is a liquid foliar formulation designed to correct and prevent iron deficiencies in most crops. If added to the spray tank first, it will aid in lowering the water pH. Check the compatibilities of untried chemical mixes. The addition of a non-ionic surfactant will aid in uptake. Do not use this product in aerial or ULV applications in combination with Magnesium nitrate on spinach or other iron-sensitive crops. Application of only Iron at 1 to 2 pints per acre if deficiency is evident will aid in correction.

DIRECTIONS FOR USE

Dyna Green Organics Iron should be applied at weekly intervals at 1 to 2 quarts per application in enough water to cover.

Aerial application: 1 quart per acre in enough water to cover.

PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use of side-shielded safety glasses is recommended. Use with adequate ventilation. Keep container capped when not in use. **Keep Out Of Reach Of Children.** Do not contaminate feed, seed or water supplies.

CROP RECOMMENDATIONS

Citrus and Fruit Trees: Use 1 to 4 quarts per acre per application in enough water to cover. Repeat applications as needed.

Vegetables and Row Crops: Use 1 to 2 quarts per acre per application in enough water to cover. Repeat applications as needed.

Other Crops Requiring Iron: Use small rates of 1 to 2 pints per acre in adequate water and repeat in two to four applications.

Turf, Greens & Tees: Apply 3 to 4 ounces per 1000 square feet in enough water to cover. Repeat as needed. **Caution**—this product will stain concrete.

Fairways: Apply 1 to 2 gallons per acre in enough water to cover. Repeat as needed. Apply a maximum of 8 quarts per acre 10 times per year.

In Florida, application rates should not exceed the recommendations in "BMP's for the Enhancement of Environmental Quality on Florida Golf Courses" found at: <http://www.dep.state.fl.us/water/nonpoint/pubs.htm>

This product is approved for use in organic agriculture by Americert International when used in compliance with the restrictions (if any) included in the Registry Details form issued by Americert International for this product. Be sure to obtain a copy of this form to ensure compliance with the USDA National Organic Program Regulations.

MINIMUM GUARANTEED ANALYSIS

Sulphur (S)	3.50%
3.50% Combined Sulfur (S)	
Iron (Fe)	5.00%
5.00% Soluble Iron (Fe)	

Derived from: Iron sulfate complexed with lignin sulfonate.

CAUTION Keep Out Of Reach Of Children

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. DO NOT INDUCE VOMITING. Seek medical attention at once.

CONTAINER DISPOSAL

Triple rinse empty containers and offer for recycling or dispose of in accordance with federal, state and local authorities.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within Thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The Seller's liability under this warranty is limited in amount to the purchase price of the product. This warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
